**Tech Trek** is a residential science and math camp designed to develop interest, excitement, and self-confidence in young women who will enter eighth grade in the fall. It features hands-on science, technology, engineering and mathematics (STEM) activities, career mentoring, and field trips.

Families pay only a \$50 fee to send a girl to camp, ensuring that girls from a range of backgrounds are able to attend. However, the actual cost per camper approaches \$850. We will need to raise \$51,000 to fully fund 64 campers. Please consider making a donation to support young women in STEM.

Girls from 26 Alabama counties attended in 2022!

Help make a difference in STEM!
